

February 5, 2017

It gives me great pleasure to introduce one of my former student athletes Colin Glenn to you. I am currently the strength and conditioning coach at McDevitt Hs. in Harrisburg Pa. Prior to this coaching position I served as the assistant coach as well as the head coach in the Rec & Middle school program at Susquehannock. Colin was and has always been one of our standout athletes. This was due to his uncanny ability to push himself and outwork his opponents. He is usually the first to step on the field and the last to leave. For this reason, three of the four years that I coached him he was the team captain.

Over the years I have seen this young man grow not only in stature, but also in maturity, on and off the field. In my opinion, which was shared by all of the other coaches, he has that certain, it factor, that is essential for building a winning program. Colin is a gifted athlete that can play multiple positions on a football team. He was our starting QB on offence, but also played OLB on defense. He was used as a kicker and also returned kickoffs for touch down when necessary. He truly was our renaissance man on the field, which led to an undefeated season.

In retrospect, Colin Glenn is a student athlete that had demonstrated to me that he is a leader on and off the field. He is a multi sport athlete that plays football, basketball and lacrosse and still manages to keep good grades. He takes nothing for granted and is a respectable young man. I am certain, if given the opportunity he will continue to display his talents at your school. I am a strong believer that character, skill and will, is necessary to build true success.

If you have any questions or concerns, please do not hesitate to contact me in this regard.
